SITE INSPECTION REPORT
CASTLE DRIVE LANDFILL
TXD # 980626766, GARLAND, TEXAS
SITE INSPECTIONS
WA #25-6JZZ

Dear Mr. Helmick:

Transmitted with this letter is the referenced Site Inspection Report. An addendum to this report, that will present analytical results, will be completed when all relevant analytical data has been received and data quality assurances have been performed. Although the data for the Miles Road sampling investigation has been received, not all of the data from the Castle Drive and Castle Drive & Miles Road sampling investigations have been received. Background soil samples, which will be used for the Miles Road site, were collected as part of the Castle Drive & Miles Road sampling investigation. Monitoring well samples, that will be used as comparison with Miles Road drinking water well samples, were collected as part of both the Castle Drive and Castle Drive & Miles Road sampling investigations. The Prescore of this report will be completed concurrently with the Site Inspection Addendum Report.
